Tampa, Florida 33606

2025 GALA

Ohana

Foundation of Caring
Helping People Help Each Other

Aloha kākou, dear friends,

For 20 years,

the Foundation of Caring has been a beacon of light, sharing stories that inspire, uplift, and remind us of the power of community. Together, we have carried the spirit of Ohana, bringing hope and transformation to the lives of those we are privileged to serve. But our journey is not complete—there are more stories waiting to be told, more lives waiting to be touched.

On **Saturday, May 3, 2025**, at our 'Ohana Gala, we invite you to join us for an evening rooted in the beauty and spirit of Hawai'i. Imagine a night where the gentle sway of the hula tells a tale of harmony, where the music of the islands echoes the heartbeat of our shared purpose, and where the warmth of aloha surrounds us all.

This year, our theme is "Ohana." At its heart, 'Ohana means so much more than just "family." It's a feeling—a deep sense of connection, belonging, and shared purpose. It reminds us that none of us walks this journey of life alone. 'Ohana is about the love that lifts us, the loyalty that grounds us, and the support that carries us forward. It's knowing that each of us has something valuable to offer, and together, we create something far greater than ourselves. In 'Ohana, we find not just family but a sense of unity that reminds us how beautifully connected we all truly are.

I invite you to join us for this special evening. Together, we will celebrate the lives we've touched and honor the beautiful ways we are all linked — like the flowers of a lei, woven together. Your support will become a part of a greater whole, creating waves of compassion and hope that flow through our community and beyond.

Mahalo nui loa (thank you very much) for being part of this journey. With your love and generosity, we can honor these stories and build a legacy of hope that will shine like the morning sun over the beautiful island and reflect the boundless strength of our 'Ohana.

Me ka ha'aha'a a me ke aloha pau'ole,
(With humility and endless love,)

Angela

A Commitment Beyond Healthcare

For nearly 30 years, Florida Medical Clinic Orlando Health (FMCOH) has been devoted to more than just keeping people healthy—it's been about caring deeply for the individuals and communities they serve. That care grew into something even bigger in 2005 when, after many years of informal giving, FMCOH established the Foundation of Caring (FOC)—a nonprofit dedicated to uplifting those who need it most.

The Foundation of Caring was created with a singular mission: to be a beacon of hope and a catalyst for community change. By coming together—individuals, businesses, and organizations alike—we pool our collective resources to support meaningful, lasting transformation. Every gift plays a vital role in helping our partner nonprofits change lives. And, because each charity we support is carefully vetted by our Board of Directors, you can trust that your generosity will go where it's needed most, making the greatest possible impact.

Cove Behavioral check presentation 2024

YMCA check presentation 2024

What makes the Foundation of Caring truly special is its focus. Unlike most medical foundations, FOC doesn't use donated funds to enhance clinic operations. Instead, nearly 94% of all donations are re-invested directly into the community, touching lives through local nonprofits.

Because of your generosity and support over the past 20 years, we've been able to stock food pantries so families don't go hungry, provide prescriptions for uninsured patients, create safe havens for foster children, and make homes accessible for seniors aging in place. Together, we've given more than \$4.5 million to 214 nonprofits; each dollar a testament to the love and care we have for one another.

This work isn't possible without you. Your kindness and commitment to our shared community allow us to continue making a difference where it matters most. As we gather for this gala, we will celebrate what we've accomplished together. And, let's also look ahead to the brighter future we can create. Thank you for believing in this mission and for helping us make the world a better, kinder place, one act of care at a time.

What is the Celebration of Caring?

Each year, the Foundation of Caring brings our community together for a very special event: the Celebration of Caring. More than just a fundraiser, this gathering is a heartfelt tribute to the power of compassion and collaboration. It's an evening where Florida Medical Clinic Orlando Health providers and staff, along with friends and community leaders, come together to forge connections, celebrate one another, and unite around a shared mission—to build stronger, healthier communities in Hillsborough and Pasco counties.

With over 400 attendees, the room is filled with people who inspire hope and change; philanthropic, socially conscious, and community-driven individuals who believe in making a difference. The Celebration of Caring is more than an event; it's a testament to what's possible when people with passion and purpose come together for the greater good.

The 19th Annual Celebration of Caring Gala—Ohana will be held Saturday, May 3, 2025 at the Shanna and Bryan Glazer Family JCC. It will be an inspiring evening celebrating our diversity and how coming together for a common purpose makes all things possible. Filled with amazing food, signature drinks, live and silent auctions, the event will feature one of our many partner charities, who will share their story of resilience, triumph and hope.

CHILDREN'S CANCER CENTER

helping children & families cope

Zack, Ewing Sarcoma,
Zephyrhills, Florida

THE MISSION

The Children's Cancer Center is a non-profit organization dedicated to serving children and their families who are battling pediatric cancer or chronic blood disorders with the emotional, financial, and educational support necessary to cope with their life-threatening illness.

ZACK'S STORY

“My cancer journey has been bitter sweet so far. I say that because of the times when I thought there was no reason to push forward, there was an organization of caring and loving people that reached out to me and offered me an outlet. They gave me something to do and interesting people to meet. They lifted my spirit and recharged me in ways I could not have imagined. They plugged me into as many sporting events as I could handle. It did keep me focused on the fight and my reason to fight, because we all make a difference to someone. The Children's Cancer Center has been an oasis for me. It's helped me emotionally, mentally, and gave me purpose beyond my diagnosis. I am eternally in their debt and consider them a part of my family.”

Stories of Impact

Disability Achievement Center

Newfound Independence

Elizabeth, a 61-year-old former paramedic, sustained spinal cord injuries in the 1980s when a car struck her while she was on duty. Over the years, she has also been diagnosed with neuropathy, further affecting her mobility. To navigate her daily life, Elizabeth relies on a rollator walker for support. Thanks to the Foundation of Caring's generous funding, we were able to assess her home for a ramp after she spent three years on

the waiting list. Utilizing additional funds, the Disability Achievement Center constructed a sturdy ramp, allowing Elizabeth to move safely and independently in and out of her home. Filled with gratitude, she now enjoys outings with her grandchildren, embracing her newfound freedom.

Quantum Leap Farm

Sitting Tall on Waffles

Ava is 7 years old and has a congenital disability that impacts both her physical and cognitive development. She is non-ambulatory and needed therapy to help strengthen her core and increase her balance, while participating in an activity that provides positive cognitive input. Because of a Foundation of Caring grant, Ava has been participating in Physical Therapy Hippotherapy Program for the past six months. She rides Waffles using special equipment (hippo helper pillow) to help her stay upright and balanced. She is nonverbal but likes to laugh and be silly and LOVES when the wind blows in her face. She also engages with her therapist and side-walker socially by pretending to sleep when taking breaks and then giggles. She has progressed from needing special equipment and maximal assistance of therapist and a side walker to needing special equipment and only minimal to moderate assistance from therapist. We are hoping to be able to take away equipment soon! She can sit up very straight now, push through her arms to help stabilize herself and is staying awake for her entire therapy session!

Together,
we've given
more than
\$4.5 million
